

Jes & Johanne Jorgensen 1856

## **Introduction to the Jorgensen Family History**

The documentation of this family history was initially organized by Eduard Jensen in Denmark by asking living Jorgensen descendants in Denmark to write a brief history of themselves and immediate relatives. This was in Danish then translated by Erik Sorensen and retyped in digital form by Marilyn Gift. Dennis Andersen added photos, extracted portions of Esther Andersen's Pioneer Family memoirs relating to Jorgensen descendants and added information on Johanne and Peter Jorgensen descendants. Sandra Andersen put the descendant information that she had on the genealogy charts at the end of the histories. Dennis then converted this information to post on our Andersen Website.

Following are the listed elements of the family history. The genealogy charts are quite compressed but the PDF format allows you to zoom in on them with the PDF zoom buttons (+, -, %).
